

Connect with Kyowa Kirin Cares

If you've been prescribed CRYSVITA, a Kyowa Kirin Cares Case Manager can help you understand your financial options and provide ongoing support.

Get help navigating financial options

Talk to your healthcare provider about enrolling in Kyowa Kirin Cares to receive assistance navigating access and reimbursement options for CRYSVITA. Once you are enrolled, you will be assigned a dedicated Case Manager who will help you understand your financial options based on your insurance coverage.

Commercial insurance

Kyowa Kirin offers co-pay assistance for eligible commercially insured patients. Review the co-pay assistance terms and conditions to determine if you qualify.^{a,b}

Government insurance

Kyowa Kirin does not offer co-pay assistance for patients with federal or state government insurance such as Medicare, Medicaid and Tricare. A Case Manager may be able to provide you with information about other available co-pay assistance programs.

No insurance

Kyowa Kirin offers a Patient Assistance Program for eligible uninsured patients. Review the terms and conditions to determine if you may qualify.^{c,d}

^aPatients must be US residents with an active primary commercial plan; patients with federal or state government insurance such as Medicare, Medicaid, and Tricare are not eligible for co-pay assistance. Other terms and conditions may apply.

^bCommercially insured patients do not need to participate in Kyowa Kirin Cares to be eligible for co-pay assistance.

^cPatients who do not meet the Patient Assistance Program coverage criteria and have special circumstances of financial and/or medical hardship, as determined in accordance with Kyowa Kirin Cares criteria, can request that an exception be made for them. The decision to grant an exception is based on an individual's unique circumstances and is made solely at the discretion of Kyowa Kirin.

^dPatients must be US residents with no active medical or pharmacy benefit coverage and an annual gross income \leq 400% of the federal poverty level, as confirmed by documented proof of income.

Receive personalized and ongoing support

Kyowa Kirin Cares is committed to supporting you throughout your journey with CRYSVITA® (burosumab-twza).

A dedicated Case Manager will be available to:

Answer general questions about CRYSVITA

Help you stay on track with your treatments

Provide education tools and resources

Call routinely to check in and offer support

What is CRYSVITA® (burosumab-twza)?

CRYSVITA is a prescription medicine used to treat:

- Adults and children 6 months of age and older with X-linked hypophosphatemia (XLH)
- Adults and children 2 years of age and older with fibroblast growth factor 23 (FGF23)-related hypophosphatemia in tumor-induced osteomalacia (TIO) when the tumor cannot be located or removed

Important Safety Information

You should not take CRYSVITA if:

- You take an oral phosphate supplement and/or a specific form of vitamin D supplement (such as calcitriol, paricalcitol, doxercalciferol, calcifediol)
- Your phosphorus levels from a blood sample are within or above the normal range for age
- You have kidney problems

Monday through Friday, 8 AM to 8 PM (ET)

What is the most important information you should know about CRYSVITA?

- Some patients developed allergic reactions (e.g., rash and hives) while taking CRYSVITA. Your doctor will monitor you for symptoms of an allergic reaction while you are taking CRYSVITA
- High levels of phosphorus in the blood have been reported in some patients taking CRYSVITA. This may be related to a risk of high calcium levels in the kidneys. Your doctor will collect blood samples to monitor your levels
- Administration of CRYSVITA may result in reactions at the injection site, such as hives, reddening of the skin, rash, swelling, bruising, pain, severe itching of the skin, and collection of blood outside of a blood vessel (i.e., hematoma)
- If you are taking CRYSVITA for TIO, your doctor will have you stop your CRYSVITA treatment temporarily if you are undergoing treatment for your tumor (e.g., surgical removal of the tumor or radiation therapy)

Important Safety Information continued on next page.

What are the possible side effects of CRYSVITA?

- Adverse reactions that were seen in children with XLH are:
 - Fever
 - Injection site reaction
 - Cough
 - Vomiting
 - Pain in arms and legs
 - Headache
 - Tooth abscess
 - Dental cavities
 - Diarrhea
 - Decreased vitamin D levels
 - Toothache
 - Constipation
 - Muscle pain
 - Rash
 - Dizziness
 - Nausea
- Adverse reactions that were seen in adults with XLH are:
 - Back pain
 - Headache
 - Tooth infection
 - Restless legs syndrome
 - Decreased vitamin D levels
 - Dizziness
 - Constipation
 - Muscle spasms
 - Phosphorus levels increased in the blood
- Narrowing of the spaces within the spine is common in adults with XLH, and pressure on the spinal cord has been reported in adults taking. It is not known if taking CRYSVITA worsens the narrowing of the spaces within the spine or the pressure on the spinal cord
- Adverse reactions that were seen in adults with TIO are:
 - Tooth abscess
 - Muscle spasms

- Dizziness
- Constipation
- Injection site reaction
- Rash
- Headache

Before taking CRYSVITA, tell your doctor about all of your medications (including supplements) and medical conditions, including if you:

- Are taking oral phosphate and/or active vitamin D (such as calcitriol, paricalcitol, doxercalciferol, calcifediol)
- Are pregnant, think you may be pregnant, or plan to become pregnant. There is not enough experience to know if CRYSVITA may harm your unborn baby. Report pregnancies to the Kyowa Kirin, Inc. Adverse Event reporting line at 1-844-768-3544
- Are breastfeeding or plan to breastfeed. There is not enough experience to know if CRYSVITA passes into your breast milk. Talk with your doctor about the best way to feed your baby while you receive CRYSVITA

While taking CRYSVITA, tell your doctor if you experience:

- An allergic reaction such as rash or hives
- A rash, swelling, bruising, or other reaction at the injection site
- New or worsening restless legs syndrome

These are not all the possible side effects of CRYSVITA. Call your doctor for medical advice about side effects.

You may report side effects to the FDA at (800) FDA-1088 or www.fda.gov/medwatch. You may also report side effects to Kyowa Kirin, Inc. at 1-844-768-3544.
