

FOR PATIENTS AND CAREGIVERS

NOURIANZ™
(istradefylline)
20 mg | 40 mg tablets

Kyowa Kirin Cares is here to help

We know how difficult living with Parkinson's disease can be and how important comprehensive support will be along your journey while taking NOURIANZ™. From access through our Quick Start program and reimbursement assistance to treatment support, Kyowa Kirin Cares is here to help along the way.

 Please see the Important Safety Information inside this brochure and Patient Information in the pocket.

KYOWA KIRIN cares
ACCESS • ASSISTANCE • UNDERSTANDING

Enroll for immediate access to NOURIANZ™ (istradefylline) with a free 28-day supply

1

Fill out the Kyowa Kirin Cares enrollment form, enclosed in this brochure, with your healthcare provider, who will then fax it to **833-447-4399**.

2

While your case manager begins the benefits investigation (BI), Kyowa Kirin Cares will provide eligible patients with immediate access to NOURIANZ through the Quick Start program, which gives a newly prescribed patient a free 28-day supply of NOURIANZ.

3

After the BI is complete, a Kyowa Kirin Cares case manager will help you navigate your reimbursement and access options based on your insurance coverage.

4

Kyowa Kirin Cares will coordinate to get you your regular prescription of NOURIANZ through a designated specialty pharmacy. Eligible patients may be able to fill their prescription for as little as \$20 per month through the co-pay card program.

See Quick Start program and co-pay card program terms and conditions enclosed in the pocket.

 Please see the Important Safety Information inside this brochure and Patient Information in the pocket.

Find out about benefit investigation and reimbursement options

Talk to your healthcare provider about enrolling in Kyowa Kirin Cares to receive assistance navigating access and reimbursement options for NOURIANZ™ (istradefylline). As soon as you enroll, you will be assigned a dedicated case manager who will help you understand your product access options based on your insurance coverage.

Co-pay card program

Eligible patients may be able to fill their prescription for as little as \$20 per month through the co-pay card program.

Commercial insurance

If you have commercial insurance, you may be eligible to receive co-pay assistance. Review the terms and conditions to learn if you qualify.^{a,b}

Government insurance

If you have government or military insurance, a case manager will be able to walk you through all available financial options.^c

No insurance

If you do not have insurance, you may be eligible for the Patient Assistance Program.^c Review the terms and conditions to learn if you may qualify.

^aPatients must be US residents with an active primary commercial plan; patients with federal or state government insurance such as Medicare, Medicaid, and Tricare are not eligible for co-pay assistance. Other terms and conditions may apply; please see complete program terms and conditions enclosed in the pocket.

^bCommercially insured patients do not need to participate in Kyowa Kirin Cares to be eligible for co-pay assistance.

^cPatients must be US residents with no active medical or pharmacy benefit insurance and an annual gross income \leq 400% of the federal poverty level, confirmed by electronic income verification response or documented proof of income.

 Please see the Important Safety Information inside this brochure and Patient Information in the pocket.

Important Safety Information

What is NOURIANZ?

NOURIANZ is a prescription medicine used with levodopa and carbidopa to treat adults with Parkinson's disease (PD) who are having "off" episodes.

Before you take NOURIANZ, tell your healthcare provider about all your medical conditions, including if you:

- have a history of abnormal movement (dyskinesia)
- have a history of psychotic thinking or behavior
- have reduced liver function
- smoke cigarettes or use other tobacco products
- are pregnant or plan to become pregnant. NOURIANZ may harm your unborn baby
- are breastfeeding or plan to breastfeed

Tell your healthcare provider about all the medicines you take, including prescription and over-the-counter medicines, vitamins, and herbal supplements.

NOURIANZ and other medicines may affect each other causing side effects. NOURIANZ may affect the way other medicines work, and other medicines may affect how NOURIANZ works.

What are the possible side effects of NOURIANZ?

NOURIANZ may cause serious side effects, including:

- **uncontrolled sudden movements (dyskinesia).** Uncontrolled sudden movements is one of the most common side effects.

- **hallucinations and other symptoms of psychosis.** NOURIANZ can cause abnormal thinking and behavior, including:

- being overly suspicious or feeling people want to harm you (paranoid ideation)
- believing things that are not real (delusions)
- seeing or hearing things that are not real (hallucinations)
- confusion
- increased activity or talking (mania)
- disorientation
- aggressive behavior
- agitation
- delirium (decreased awareness of things around you)

- **unusual urges (impulse control or compulsive behaviors).** Some people taking NOURIANZ get urges to behave in a way unusual for them. Examples of this are unusual urges to gamble, increased sexual urges, strong urges to spend money, binge eating, and the inability to control these urges.

If you notice or your family notices that you are developing any new or unusual symptoms or behaviors, talk to your healthcare provider.

The most common side effects of NOURIANZ include uncontrolled movements (dyskinesia), dizziness, constipation, nausea, hallucinations, and problems sleeping (insomnia).

These are not all the possible side effects of NOURIANZ.

Call your doctor for medical advice about side effects. You may report side effects to FDA at **1-800-FDA-1088**.

Please see Patient Information in the pocket.
